HIGH SCHOOL**

MONDAY, JUNE TWENTY-FIFTH

Two Thousand & One

## SAINT JOHN HIGH SCHOOL FACULTY 2000-2001

Before you sits a graduation class of xxx students. Behind each graduate stands the substantial commitment of the Saint John High School faculty. These teachers are innovative, dedicated to excellence and committed to educating the whole student. As with any group of professionals, changes occur. Because of retirements, the following alterations are anticipated for the year 2001-2002.

**Retirements:** This June, seven of Saint John High School's dedicated and respected teachers will be retiring. Bruce Campbell, Mike Flewelling, Ed Lester, Brian Meade, Gary Murphy, Malcolm Smith, and Robert Taylor are leaving the profession. They have all made a significant contribution to the school, both academically and through extra-curricular activities. The Student Council, sports teams, drama club, school finances and Grad Club, at this school and others, have benefited from their energy and commitment. The teaching profession has also gained from their membership and exemplary devotion to teaching. Most importantly, however, is the significant impact that they have made on so many young lives. All of these teachers, by word and deed, exemplify the school motto, "Vita Vitalis". Although it is with tremendous regret that we say goodbye, we wish them good health and a long enjoyable retirement.

**Staff Changes:** This coming year will see several of our Schedule D teachers returning. Todd Cormier, Monic Morgan, Sherry Nowlan and Julia Trud will be joining our staff next year in continuing positions.

## THE INTERNATIONAL BACCALAUREATE PROGRAM

Saint John High School, with 25 of its teachers instructing International Baccalaureate courses, is graduating its 15th class of Diploma Candidates. Thirteen students opted for this rigorous academic program and hope to receive their diplomas in July. This will bring to 142 the number of Saint John High School students who hold this prestigious international credential. In addition 67 students wrote IB certificate exams this year and over 100 other students in grades 10 and 11 are preparing to write exams next year. These students have actively participated in all facets of school and community life, comprising the majority of the positions on the executive of the student council and yearbook, and holding key positions in drama productions and on sports teams.

Aside from the students currently involved in the IB program, over 1000 students have been involved in taking IB certificates since the program began, and our results remain at or above the world average in most subjects. Enrollment in the program continues to enable our students to compete for entrance to universities outside the Atlantic provinces. In the 2001 class, IB students have been accepted to the London School of Economics, the American School in Paris, Princeton, MIT and several Ontario universities.

Previous Diploma and Certificate holders have now graduated from their undergraduate university programs or from post-graduate studies and have begun to enter the work force. For example, the ten Diploma holders of 1988 consist of three PhD's, two medical doctors, a Master's in Health Administration, a teacher, a Master's of Law, a double Master's in Patent Law and Biochemistry in the field of genetics, and a Master's of Civil Engineering. Many of the IB graduates have received significant awards, ranging from top named scholarships to O'Brien fellowships to three Rhodes scholarships.

The 13 Diploma candidates, most of whom have already been offered major university scholarships, and their choice of university for September 2001, are:

Neil Abraham	Queens	Arts
Mustafa Abrar	Waterloo	Systems Design Engineering
Deanna Bateman	UNBSJ	Science
Esha Bhandari	McGill	Arts
